EXPERIENCE

Junior Developer | Speur Professional Services

10/2022 – 07/2023

Worked with and maintained banking and financial systems.

Tech Support Representative | Mona School of Business Management

07/2021 – 09/2022

Provided technical assistance for employees of MSBM, maintained MSBM's website and mobile application, demonstrated abilities in problem solving and trained new staff.

PROJECTS

Budget Tracker | [Link](#)

A simple MERN application that allows the user set monthly expenses, record daily transactions and generate reports for a given period.

Discord Bot | [Link](#)

A Discord bot built using python monitors a server 24/7 that collects and stores information to a Mongo Database, fetches and posts news articles, and utilizes a combination of API's and web scraping to deliver content to users.
